## CALLOWAY NEARLY DOUBLES LARGEST WAR BOND QUOTA

Began May 14; Kentucky Leads Nation—Stokes

Calloway county ran wild and broke nearly all the records in the mighty Seventh War Loan Drive. With a quota set at \$375,000.00, this county bought \$687,437.25 worth of war bonds! "Kentucky is leading the nation in this drive," T. H. Stokes, Calloway chairman of the drive, announced Tuesday.

The Seventh War Loan started on May 14 and the quota given this county was the biggest it had ever had—but Calloway oversubscribed it by a greater margin than it had any other quota. "This war loan is an 'all-out' call to victory," said W. C. Carter, general chairman, at the beginning of the drive. Calloway county should be proud of the way it responded when the government asked us to do our part in finishing this war. Not only will those bonds enable us to finance the war, but they'll defend us from another formidable enemy—inflation. Taking up the excess money will keep prices down and keep our country in sound financial condition. Besides that, think of the money those bonds are making for you while you hold them.

So the government, the war bond committee, and the American people thank you and urge you to keep up the fine work.

## Truman Presides At Berlin Meet

President Truman presided during the first meeting of the Big Three at the Berlin conference Tuesday "by invitation of his two colleagues," a communique from the conference stated.

During the meeting, which lasted one and one-half hours, the preliminary exchange of views took place on the matters requiring decision by the heads of the three governments.

The war against Japan unquestionably ranked high in the discussion by the Big Three because Russia's policy toward Japan is one of the most important questions of the conference.

Dr. J. H. Richmond, president of Murray State College, remains quite ill in the clinic here. He has been seriously ill for the past three weeks. His condition, physicians say, remains doubtful, but some indications are that he is better.

## PLANES BOMB JAP NAVY; REMNANTS HIDING-YOKOSUKA

25 Miles Off Nip Coast In Ruins After Assaults

GUAM, Thursday, July 19.—The war industries along 25 miles of Japan's east coast lay in smoking ruins from a savage preinvasion bombardment by U. S. and British warships and the Tokyo radio declared the Allied fleets shelled the homeland again today for the second straight day.

So well did the Allies control the sky and waters that their fleets spent hours within easy fighter range of Tokyo yesterday without striking a single spark of opposition.

American carrier aircraft discovered remnants of the Japanese navy hiding in possibly the most obvious place—Yokosuka naval base in Tokyo Bay—and attacked heavily yesterday with bombs and torpedoes despite adverse weather and accurate, intense anti-aircraft fire.

Yokosuka naval base, one of the empire's largest, is at the mouth of Tokyo Bay, only about 18 miles southeast of the capital city. Fleet Adm. Chester W. Nimitz, announcing the attack, said "no report of damage to targets is yet available."

He also reported that both American and British carrier planes, comprising the world's greatest striking force, carried their assaults on the Tokyo region into the second successive day yesterday and that an American cruiser-destroyer force steamed close inshore to shell Nojima Cape, only 50 miles southeast of Tokyo at the entrance to Tokyo Bay.

When the gray line of fighting ships swung back out to sea early Wednesday morning, an engineering works, a steel plant, a copper refinery and an arms factory were in ruins.

The area worked over by the five to 16-inch guns of the fleet ranged from Mito and Takahagi, 55 miles north of Tokyo, to the munitions cities of Hitachi and Sukegawa, 80 miles northeast of the capital.

As the flashes of the guns ripped the curtain of night, a dull glow from shore lit the mists, showing observers where the cascade of exploding steel had landed, Lindsey said.

"It looks like the Fourth of July in hell," declared a naval officer as the fleet steamed leisurely along off shore, dumping 2,000 tons of shells.

In moving so close inland, the fleets risked mines, submarines, bombers, suicide boats, shore batteries, suicide boats, the one-man piloted Baka bombs, and all the other desperate weapons of the Japanese arsenal which inflicted considerable damage at Okinawa.

But in all that time, not a single retaliatory shot was fired. Unidentified planes were reported hovering off the fleet, but none dared the awesome firepower of the line of ships.

By Tokyo account, 16 Allied warships turned up again today in the same general area and plastered the coast of Honshu Island for an hour beginning at 11:15 a.m. Tokyo time, some 11 hours after the night time strike.

A few minutes earlier, said the broadcast, 1,500 British and American carrier planes struck air fields and military installations around Tokyo which were raided by the same number of planes Tuesday.

This is the sort of pulverizing attack which Adm. Chester W. Nimitz said Tuesday marked the "pre-invasion stage" of the war in the Pacific.

It calls for the first time in this war for the destruction of enemy war industries by the biggest guns in the Navy—the 16 inches which are designed to blast through armor plate and cannot be stopped by factory walls.

Both in the war in Europe and in the Pacific, the 2,700-pound shells have worked over shore fortifications but this is the Navy's first chance to turn them on vulnerable factories.

The Japanese said the naval shelling indicated that the long-anticipated battle of the mainland has finally started.

**TO THE VOTERS OF CALLOWAY COUNTY**

I hear that it is being reported that JAMES G. WILSON has withdrawn from the race for Sheriff, which is UNTRUE. He will be in the race until the vote is counted unless he is cut down by a Jap sniper.

In a recent letter he said he would be eligible for discharge in August, that men were being discharged from his Battery constantly.

DON'T BELIEVE ANY FALSE REPORTS YOU HEAR BETWEEN NOW AND THE ELECTION. WHILE HE IS FIGHTING FOR YOU, YOU WORK FOR HIM

**Q. D. WILSON**

and son have returned to their home in Nashville following a visit with his mother, Mrs. B. A. Tucker.

Mr. and Mrs. Bruce Tucker and son of Vicksburg, Miss., are continuing their visit this week with Mrs. Tucker.

Mrs. W. W. McElrath was a guest on July 10 of Mrs. Carl Brown in Mayfield and attended the wedding of Miss Belle Woody and Commaheh Joe Robbins which was an interesting event at the Presbyterian church on that date.

Mrs. Brown, who is a sister of Mrs. McElrath, left Saturday night for San Francisco and Berkeley, Calif. She will spend time with her children.

Mr. and Mrs. George Hart, Mrs. Mary Russell Williams, and Cpl. W. P. Russell will visit Camp Deerwood, Bevard, N. C. this week-end. Miss Leche Fay Hart, daughter of the Harts, and Miss Mary Frances Williams, daughter of Mrs. Williams, are spending two months in a girls' camp there.

Herbert McCuiston of Highland Park, Mich., is here visiting Mr. and Mrs. Montine McCuiston, Kirksey. He will leave Friday morning.

Mr. McCuiston is employed by Ford Motor Company where he has been for the past nine years. Mrs. McCuiston, the former Miss Bobbie Shelton, did not make the trip home.

**SEALING JAR LIDS**

By RACHEL ROWLAND, Home Demonstration Agent

A jar of spoiled food is wasteful of time, energy, money, and, most important of all, food. A well-sealed jar means good food that is safe to eat.

Any of the well-known types of lids may be used in canning with confidence provided the correct steps in sealing are followed. However, each type is sealed differently and this is the cause of much confusion and the

resultant food spoilage. Following are descriptions of the more widely used lids and the recommended method of sealing each:

**Zinc porcelain-lined lid:** Fit wet ring down on shoulder without stretching. Fill jar. Screw lid down firmly and then turn back one-fourth inch. After processing screw lid down tight.

**Glass lid with ball jar:** Fit wet rubber down on ledge near top of jar. Fill jar. Put on glass lid. Push long bail over top of lid, so it fits into groove. Leave short bail up. After processing push short bail down against jar. This completes the seal.

**Glass lid with screw band:** Fill jar. Put on glass lid. Push long bail over top of lid, so it fits into groove. Leave short bail up. After processing push short bail down against jar. This completes the seal.

**Glass lid with screw band:** Fill jar. Put on glass lid. Push long bail over top of lid, so it fits into groove. Leave short bail up. After processing push short bail down against jar. This completes the seal.

**Flat metal lid with screw band:** Test jar for smooth flat edge. Fill jar. Put lid on so that sealing compound is next to jar. Screw metal band on firmly, but not so hard that you cut through the sealing compound. After processing do not tighten lid. Next day remove bands.

**No. 63 metal lid:** This is a small lid which fits coffee jar, etc. From the old metal cap pry out

paper lining or boil and scrape out sealing compound. Punch from the inside a hole in the cap. (Small size screw bands may be bought if you do not have old caps.) Fill jar, put lid on so sealing compound is next to glass. Screw metal band on firmly but not so hard that you cut through the sealing compound. After processing do not tighten lid. Note—coffee jars and other commercial jars should not be processed in pressure cooker or for a long period in water bath canner.

It is false economy to use old rubbers or chipped or cracked jars. Examine new lids to see that they are in perfect condition and discard doubtful ones. Synthetic rubber rings may give food an off odor or flavor unless the rings are first boiled 15 minutes in a quart of water to which 1 lb. soda has been added.

## HALL HOOD FOR COUNTY JUDGE

What is Hall Hood's Record, and proven work Toward Good Roads.

1. He was City Attorney, and drew all the ordinances, and directed all the details in making contracts, etc., in the building of the first hard-surface streets in Murray.

2. He made the contacts with the State Highway Commissioner, obtained the promise of and obtained the laying of the first hard-surface road ever laid in Calloway County.

3. Every State-constructed (primary system) road in Calloway County has had his active aid.

4. He has actively assisted in obtaining the laying of all the hard-surface, by the State Highway Commission, of all the hard surface that has been laid within the towns and villages in Calloway County; that at Hazel, Kirksey, etc.

5. He has given days and weeks of his time without pay or reward, in obtaining rights of way, and clearing other obstructions to the building of roads.

6. All hard-surfacing that has been laid in Calloway County, except a small amount on Highway 121, was either started or finished of the foundations plans made, while he was County Attorney.

7. He assisted in the original planning and mapping for Rural Road work.

8. HE KNOWS THE NEED OF ROADS; KNOWS THE LIMITATIONS OF THE COUNTY FUNDS AND KNOWS HOW TO GET HELP FROM STATE SOURCES.

To the People of Calloway County:

I have some very definite plans that I hope to see carried out if I am elected County Judge, and here are a few of them:

Several years ago I did quite a lot of work, along with many of you, in an effort to obtain a State-constructed road from Murray-Hazel Highway through Swann precinct to Tennessee line at near Bell City. We were stopped at that time by some right of way troubles, and my term of office expired, and nothing further has been done. I am still for an arterial road through this section, and if we can get that we can then tie in with good gravel roads throughout that area.

I also did considerable work toward getting a State-constructed road across from the Murray-Benton Highway to the Murray-Eggers Ferry Highway. We have had promises of that, and I for one, am still working for such a road, and if we can get that we will be able to tie in with good gravel roads all through that section.

I will use the power of the office of County Judge in compelling, or persuading, the completion of a System of rural highways that will make it possible for every citizen of the county to travel all the public roads the year round without having to be pulled out of mud holes every few rods. THE MORE ROADS WE CAN GET THE STATE TO BUILD, THE MORE MONEY WE WILL HAVE TO SPEND ON OTHER ROADS.

ROADS, THEIR CONSTRUCTION AND MAINTENANCE IS THE CHIEF PROBLEM FOR THE FISCAL COURT, BUT THERE ARE ALSO MANY OTHER PROBLEMS THE COUNTY JUDGE, AS JUDGE OF THE COUNTY COURT AND JUDGE OF THE QUARTERLY COURT, MUST MEET AND SOLVE.

I think that my many years experience as a lawyer, certainly qualifies me to preside over these courts, and these courts are important to you.

As Judge of the Juvenile Court the County Judge has the opportunity to save many a young person from a life of crime.

As Judge of the County Court, he appoints and qualifies all administrators and guardians, and committees. How well he performs in this may make the difference of saving a small estate for your loved ones, or a wasting of what you have worked so hard to accumulate.

As Judge of the Quarterly Court he presides in the trial of Civil and Criminal cases. THE BEST LAWYER LIVING IS NOT GOOD ENOUGH FOR THIS, but the least this position should have is the best lawyer obtainable.

Your tax money will pay the salary, and I ask that you weigh qualifications, and ask that you vote for me.

Sincerely,

# SGT. JAMES OUTLAND WRITES FROM PACIFIC

Set James Outland son of Mr. and Mrs. N. O. Outland has written an interesting letter which we quote:

Set Outland is a graduate of Faxon High School and has been in service for many months. Somewhere in the Western Pacific.

July 8, 1945

Dear Mrs. Hart:

I guess you are surprised getting a letter from me. I had almost forgotten to pay for my subscription for the paper. I don't get it until about two months after it is published but I don't mind. Just so I get it. I really enjoy reading the news about the home town.

Well I should tell you something about my self. I spent most of my army career in Florida, namely Tampa and Lakeland. I was stationed there for two years. They were really swell towns. I left Lakeland to come over to the Pacific.

I am an armament specialist on fighter planes. In fact you don't know what that means. It is work pertaining to guns, gun sights, bombs racks, etc. on one of our fastest fighter planes. I went to school at Buckley Field (Army Air Corps) in Colorado.

I have been over seas about four months and I mean it is quite different from being in the States. I can't tell you where I am. The only way you can find out is by looking at the map. I am now in the Western Pacific.

When I was on my last furlough, you were asking for a picture. I enclose one.

I am enclosing money for the subscription.

Sincerely yours,

Set James Outland

PENINSULAR BASE HEADQUARTERS, Italy—Cpl. James Perry, Route 6, Murray, Ky., is a member of the 128th Quartermaster Battalion (Mobile), which was recently awarded the Meritorious Service Unit Plaque for the superior performance of duty in the accomplishment of exceptionally difficult tasks. This battalion is a unit of the Peninsular Base Section, important supply and services organization for the Fifth Army and for the Air Corps ground crews and naval elements in the Mediterranean Theater of Operations.

One of the first tasks allotted to the new truck battalion was that of transporting Italian prisoners of war as the North African campaign ran swiftly to a successful termination. As more men became qualified drivers, the battalion was assigned to haul cargo from the busy port, and round-the-clock schedule was set up.

A small measure of the contribution of the 128th QM Battalion to the eventual successful conclusion of the war may be made from some of the figures. In one month, the battalion made 25,000 trips, carrying 150,000 men and 100,000 tons of cargo over a distance of 600,000 miles.

Capt. R. D. Parker now with 63rd Division

Mr. and Mrs. R. R. Parker received a letter from their son, Capt. Reuben Dale Parker, this week stating that he had been transferred to the 63rd Division.

He also stated that he had more than 100 discharge points and might get home by late fall.

Capt. Parker has been awarded the President's Unit Citation, the Silver Star, the Bronze Star with three Oak Leaf Clusters, the Purple Heart, the French Croix de Guerre, the Pre-Pearl Harbor and European Theater ribbon with five Campaign Stars.

Capt. Parker recently sent his mother some

## NAVY UNDEFEATED DURING FIRST HALF OF SOFTBALL PLAY

### Last Half Begins Tonight; Shake-Up Strengthens Teams

The Navy Refresher Unit, stationed at Murray State College, made a clean sweep of the first half in the Murray Softball League by running up eight straight wins against no losses at the first half closed Tuesday night.

The Navy wins are as follows: Navy 19, Jaycees 1; Navy 6, Bluebirds 2; Navy 8, Oilers 6; Navy 5, Jaycees 4; Navy 24, Bluebirds 2; Navy 25, Oilers 5; Navy 32, Jaycees 3; Navy 13, Bluebirds 2. In a Murray All-Star affair, the Navy won out 14-2.

The Navy outfit was sparked by the superb play of Bahler, first sacker and manager-coach of the Anchorman.

The last half will see a shake-up of teams. The Jaycees dissolved their club and its men will be split between Melugin, Oilers and Bluebirds, while the Navy team of the first half has withdrawn from the league and will devote its time to outside games. The Navy, however, will have two teams in the league this half—the Cadets and the Aviators. At prestine this morning it was announced by Ty Holland, director of the league, that Hazel has entered a team for last half play, forming a 5-team league.

The shake-up will probably present a more nearly balanced league and closer games are expected for the final half.

## Navy 9, Paris 2

The Navy defeated the Paris All-Stars last night by a score of 9-2. The Anchorman collected 9 runs off 12 hits. The Parisians scored their two tallies on 4 hits. Batteries, Navy, Aldridge and Johnson; Paris, Story and White. This was the Navy's tenth consecutive win against no losses.

## West Shulout Paris, 6-0

For the first shutout seen here this season, Haron West pitched his way to a 6-0 decision over the Paris All-Stars last night. West allowed a single hit which was collected by Collins in the sixth inning with a bingle to right field. The Murray All-Stars collected 5 hits off Chapman and Collins. Tom Rowlett collected two of the locals' hits with a single in the first and third innings out of three trips to the plate.

## U. S. Maritime Service Openings

New openings for pharmacist mates at training stations and installations of the U. S. Maritime Service were announced today by Lieut. D. C. Phillips, regional enrolling officer at Cleveland, O. Men over 30 years of age, or men holding 4F, 1C or 1AL Selective Service status are eligible for immediate enrollment if they can show graduate registered training in any of the following vocations: Chemistry, chiropractic, medicine, dental laboratory technique, male nursing, osteopathy, pharmacy, physical therapy, podiatry and X-ray technique.

Accepted applicants are enlisted as Pharmacist Mates 2nd Class for which the base pay is \$134 per month. If subsistence and quarters allowances are provided the total monthly pay is \$224. Former Navy pharmacist mates will be given the last rating they had in the Navy.

Candidates should apply directly to U. S. Maritime Service enrolling offices either at Cleveland or Cincinnati, Ohio.

### West Kentucky Rural Electric Co-op. To Extend Service During Next Year

Electric service will be extended to many additional farms in Calloway and adjoining counties during the next year, George E. Knight, manager of the West Kentucky Rural Electric Co-op., announced as the cooperative this week entered its seventh year of operation. These families getting service for the first time as well as many now served, he added, will be in the market for all kinds of electrical household appliances and farm equipment.

Relaxation of wartime regulations since the end of the war in Europe has made it possible for the cooperative to proceed with its delayed construction projects, according to Manager Knight. About 100 consumers have received service on lines completed since V-E Day, he said, and approved projects for which REA loan funds have already been allotted will be rushed to completion as rapidly as materials and labor can be obtained.

"In addition to construction now under way or approved," Mr. Knight continued, "we are making surveys for projects which, upon completion, would put almost every rural family in our area within easy reach of our lines. We expect, within the next three years, to extend service to approximately 3,000 consumers who are not now served, if the required funds can be obtained."

The cooperative put its first section of its lines into operation in Graves and Calloway on July 21, 1939. The first lines served only 450 consumers. In six years, the power system has grown to 500 miles of distribution lines serving 3300 consumers.

"Since our first lines were energized, vast strides have been made in the application of electric power to farming operations," Mr. Knight said.

"During the war years, farmers along our lines have put electricity to work at a great variety of farm tasks, reducing labor requirements and adding to farm profits. Electric water pumps to provide water for livestock and poultry as well as for household use, milking machines, chick brooders, milk coolers, water heaters, and ranges have definitely proved their worth on many of the farms our co-op serves. This has been especially true on the great majority of the 950 farms connected to our lines between 1942 and V-E Day, under special War Production Board regulations allowing us to extend service to farmers able to use electrical equipment to save labor or increase production."

"It will probably be some time before manufacturers can turn out enough electrical equipment to meet the pent-up demand on electrified farms throughout the country," Mr. Knight continued. "However, the West Kentucky Electric Co-op. will do everything possible to help its members get the equipment they need, through established dealers in this territory, as fast as it appears on the market."

Mr. Knight anticipates a great demand for water pumps, bath-room installations, new refrigerators, or quick-freeze units as well as for radios, washers, vacuum cleaners, and toasters, fans, irons and other small appliances. The West Kentucky Electric Co-op. has been allotted loans of \$832.00 by the Rural Electrification

### Dad of 12 Tops Army Fathers

Washington, July 7 — The War Department today named Cpl. Chester J. Barrett of Concord, N. H., as the soldier with the most children. He has 12, including two sets of twins. They range in age from two months to 15 years. The family drew \$300 monthly in dependency benefits, including \$50 for Mrs. Barrett, who is 33, \$30 for the first child and \$20 for each additional child. Barrett, stationed at Spencer Lake, Me., was inducted in April, 1944.

### More Are Receiving Old-Age Insurance

The number of people receiving monthly payments from old-age and survivors insurance in the area served by the Paducah office of the Social Security Board increased considerably during 1945, it was announced today by Jack M. Rucker, manager, in a year-end statement.

Explaining that his figures are estimates, and subject to minor revision, Mr. Rucker said that 1193 men, women and children in his area receive benefits totaling \$18,510.10 a month, or \$198,121.20 a year.

The service area of the Paducah office includes Ballard, Caldwell, Carlisle, Calloway, Crittenden, Fulton, Graves, Hickman, Livingston, Lyon, Marshall, McCracken and Trigg counties.

The benefit rolls shape up approximately as follows:

	Total	Monthly
Number	Payments	
Retired workers, aged 65 or over	440	7,865.86
Wives, 65 or over, of retired workers	109	1,077.89
Widows with young children	154	2,404.75
Children of deceased or retired workers	450	4,408.42
Aged widows of deceased workers	44	681.40

"That old-age and survivors' insurance is truly a family insurance plan is demonstrated by the fact that more than three of every five beneficiaries are women and children. This proportion holds true among the nation's 1,120,000 beneficiaries," Mr. Rucker said.

"This point is further emphasized," he continued, "by the fact that approximately one out of every three or four retired beneficiaries has a wife who also is receiving monthly benefits on his account."

Summing up the situation on the social security front, Mr. Rucker said there is one serious cause of concern to the Board's field officers: some people do not know their rights under the old-age and survivors insurance program and so may lose some benefits through failure to act at the right time. To correct this he issued the following advice:

"Whenever a person, who has worked at any time in a job covered by the law, reaches the age of 65, he should come in to see us and find out how to protect his benefit rights, even though he does not plan to retire."

tion Administration to finance its lines and other facilities. It has drawn advances of \$501,195.35, leaving a balance of \$330,804.65 of allotted loan funds to finance construction now under way. It has met all its obligations in making contracted interest and principal payments on its REA loans, according to Mr. Knight, and in addition has paid \$9,955.09 on principal in advance of due dates, as a cushion of credit in preparation for larger loans amortization and maintenance requirements in the future.

### STATEMENT FROM HILLMAN LYONS

Some weeks ago I filed for Circuit Court Clerk, after many solicitations from friends. However, I have since changed my mind due to the fact that my business has grown to proportions that I feel that I would be happier in this field of work.

I want to take this opportunity to thank my many friends for their encouragement, and urge you to come out to Lyons Luncheonette and visit me.

I want to make it clear that in no way am I connected with any candidate or endorsing any individual. I think all the candidates are a splendid bunch of fellows, but I am in business and not in politics.

Again thanking my friends for all they have done for me, I am,

Yours very truly,

### Wallis Drug Has Souvenir Display From Servicemen

Wallis Drug has an excellent display of captured German and Japanese equipment and souvenirs sent back by different servicemen from this county.

They have both windows full of things sent home by L. D. Flora, Richard Gholson, Carter Bailey, Herbert Jackson, Jr., Fred Lassiter, John Lassiter, Castle Parker, Charles Brewer, Frank Lancaster, Dr. Robert Hahn, Cletus Richardson, Ullis Woods, Lt. Col. W. M. Slayden, John Irvin, Wayne Flora, and Ralph McCuiston.

There are such things as a blood-stained Jap flag, a German sniper's silent air rifle, and a sword that once belonged to Frederick II. There are several superb German uniforms for paratroopers, aviators, and officers. The display also contains such souvenirs as medals, pistols, daggers, knives, swords, helmet, money, watches, flags, rifles, bayonets, and other equipment.

Anyone may contribute to the display.

Homemakers in the Stanfill Club in Harlan county have exchanged work to paper their homes.

### Kirksey Cannery to Continue Through July and August

The Kirksey Community Cannery, located at the Kirksey High School, is now open and ready to serve citizens of Kirksey, according to an announcement by J. H. Walston, teacher of vocational agriculture at the Kirksey High School, who is the community cannery supervisor.

The Kirksey Community Cannery will be open throughout July each Tuesday and Thursday and every day during August except Saturday and Sunday.

Mrs. J. H. Walston, of Home Economics Education, is cannery instructor.

The facilities of the cannery may be used by anyone desiring to can food for home use. Last year the Kirksey Community Cannery processed 15,000 cans of fruits, vegetables and meat.

The cannery is sponsored by the Division of Vocational Education and is operated in cooperation with the local boards of education.

The total cost to persons using the cannery, including the cans and processing, usually is about 5 cents each for the No. 2 can, and 6 cents each for the No. 3 can.

For further information contact J. H. Walston, supervisor, or phone No. 772-R, Murray, Ky.

## The "Ole Swimmin' Hole" Has a Big Brother

The "Ole Swimmin' Hole" now has a big brother. This new member of the family is Kentucky Lake which covers 158,500 acres and has a shoreline of 2,200 miles. Swimming and boating on this large body of water is popular this summer. There are hundreds of people using the lake for recreational purposes, and when the war is over thousands of people from other states will visit the lake.

The use of Kentucky Lake for recreational purposes will mean a lot to the people of this area, for the tourist trade always means more money to the community. We who live close to the lake are fortunate in that we can use it NOW for fishing, boating and swimming — even before the war is over.

But there are some things we should know, and some rules we should observe if we are to use the lake intelligently. We must remember that man is a land animal and when he is in the water he is out of his natural element. He must exercise extreme care at all times when on or in the lake. Already five people have drowned this summer. Here are some rules of conduct which everyone should observe:

1. Avoid going in the water when you are overtired.
2. Select carefully the places where you swim. Watch out for holes, snags, stumps and step-offs.
3. If you do not swim well stay in shallow water. Don't venture into deep water depending on waterwings, inflated tubes, or rubber animals.

4. Avoid swimming alone. Go with a group.
5. Don't engage in "horseplay," such as ducking other swimmers, wrestling with them or shoving people into the water.

6. Don't get out in a boat unless you have a good boat operator who knows and OBSERVES proper rules of boating safety. Be sure that the boat is properly equipped with oars, life preservers, anchors, etc.

In short, use good judgment and common sense while on the lake and you will be as safe as you would be in nearly any other type recreational activity.

Use the lake properly and it will afford a veritable playground for this area.

Use it carelessly and it will provide a watery grave for many of our people.

## Our Debt To Pay

What is the price of an arm? How much does a human leg cost? What is a man's eyesight worth? We can't repay the men who return from battle lame, halt or blind. But we can help give them what they now hope for most: a chance to live normal lives, to become useful members of their communities — a chance to work.

One community which has assumed its responsibility toward its disabled veterans is Peoria, Illinois. There business men, farmers, and manufacturers, have resolved that when each disabled veteran comes home he will find waiting for him a job suited to his physical limitations. They call this organized community effort the "Peoria Plan." It works this way: Every employer has been encouraged to determine which of his jobs can be filled by men physically handicapped. This data is accumulated in a central office to which disabled veterans are invited. After the applicant is interviewed for a specific job suited to his disability, his application is reviewed by a medical board and if approved, he is tried for the job. This simple plan has met with such success, the Caterpillar Tractor Company of Peoria now employs 800 disabled veterans and has sent out the call, "Give us as many of this type of workmen as you can get." Most of the disabled employees are above average in production, safety, and attendance, it has been revealed.

Shall our community do less for its disabled servicemen? We can work out a similar plan. Which organization will step forth to lead it. The Chamber of Commerce, Lions, American Legion, Rotary Club, Junior Chamber of Commerce, or the Civic Council?

It is up to a far-sighted group to organize this help. It is little enough in return for what we owe our disabled men.

## Letters To Editor

Fork, N. C.  
July 1, 1945

Dear Editor:  
Tobacco should be harvested when fullest of juice for it is to cure easily and be rich and superior in quality. Oil does not evaporate in the process of curing like the sap does and remains to give wealth to the weed. Oil and sap (water) do not mix, but come and go at intervals during the life of the plant. When the sap rises it runs the oil out (oil being lighter) through the pores of the leaf to the surface where it forms a "sum," well known to all tobacco growers. Tobacco harvested when full of sap will cure badly and be light and inferior in quality.

My father, who lived to a ripe old age, grew tobacco for about 70 years. He found that there are better times to harvest tobacco than in order for it to cure up nicely and be good in quality. I shall be pleased to answer any letter from tobacco growing friends, provided postage is sent for reply.

Yours truly,  
W. H. Davis

## S. Pleasant Grove

by Mrs. Sara Smotherman

A nice memorial service was held at Pleasant Grove Sunday morning with Rev. T. J. Smith in the pulpit. He is this week assisting the pastor, Bro. A. J. Childers, in revival. A large crowd also attended the Sunday afternoon singing. The Murray Quartet, the Hughes Trio, the Edwards Trio and the Key Quartet were represented. Solo numbers were given by Miss Mary Jo Erwin and Rudolph Howard, the latter of the Armed Forces. Mrs. Mildred Lassiter, Elm Grove and Mrs. Maydell Taylor were pianists. The writer did not have the pleasure of being present but a hearty welcome to all to come again.

Mrs. Cooper Charlton and son Joe have returned to Michigan after a visit with relatives. Leon Phillips and son of Detroit was a recent guest of his parents and grandparents. Mr. and Mrs. Will Phillips, Jim Orr, his father-in-law, and other relatives. Mr. and Mrs. Shand Webb have returned to Detroit after visiting the former's mother, Mrs. Jim Orr, Mr. Orr and other relatives. On account of an appendix operation Mr. Webb spent several days in a local hospital.

Among others from Detroit who took a vacation with home folks were Mr. and Mrs. Elzo Gorton and baby, Mr. and Mrs. Lucian Gorton are grandparents of the latter and Mrs. Fronie Jones is a great grandmother of Ruby Jane, the little daughter of Mr. and Mrs. Gorton.

Otto Erwin, who is home on furlough, was greeting friends in Murray last Friday. His sister, Mrs. Loeche Wilson who teaches near Chattanooga, is with him spending a few weeks with their mother, Mrs. Nannie Erwin, and other relatives.

Mr. and Mrs. Wayne Clark were shopping in Murray Friday. Mrs. Clark suffered a fractured hip about 20 months ago and still uses a crutch.

We are glad that Cody Taylor, who lived a few years in this vicinity is now home from over sea service. He is a son-in-law of Tom Landon.

Bert Moore's health is some better yet he remains confined to his home most of the time. Earlier in the year Bert spent several weeks in the hospital.

Warren Erwin returned last week from a trip to Chicago. Orene Ellis celebrated his birthday last Thursday. He is one of the fine young men of this community and though a cripple, he seldom missed a service at his church, Pleasant Grove, and seems to cheer more people than most any one else.

Mrs. Bessie Thomas and son Bobby formerly of this community, are living in Murray and attend church services there. They heard the Rev. T. H. Mullins, Jr. preach last Sunday.

Mrs. Gargus and sister, Miss Armstrong, shopped in Murray Saturday.

Mrs. Sallie Cunningham, formerly of this place but now of Murray is in poor health. She was the first Gold Star mother in Calloway county.

"Let us all remember: 'Prayer changes things'... we want the war to close."

Editor Gets New Potatoes from Friend

The editor will have a few good meals this week because Mr. Will Rowland brought her a bag of nice large Irish potatoes out of his garden. They grow the plants that earlier in the spring grew potatoes on top of the ground. A plant bearing several small potatoes on the foliage was on exhibition in the office one week.

Thank Mr. and Mrs. Rowland for such kindness. You probably know that our garden is a failure.

## HEART THOUGHTS BY L. HART

Paul Bailey was the donor of a good supper at our house Friday night.

After catching a 11-pound cat fish from the Kentucky Lake and showing the catch in this office, he had the fish photographed, so no one would doubt his word, carried it to the Frozen Locker and dressed it to last a week. I liked the choice part of the creature. It was really choice, for one cut with only the backbone in it—made eight fine servings. It was the first time I ever ate fish and was not afraid of swallowing a bone. It made a perfect meal with hot cornbread, iced tea, and onions, pickles and the other trimmings.

In a sermon Sunday given by Rev. Robert Jarman, I got inspiration to last a week. I liked particularly the thought that life was like a stream of water. The water meets rocks and obstacles, and masters the hindrances by going around or over them. Life can go one better, go around, over, or remove the obstacles. Sometimes there seems to be obstacles that I cannot go around, go over, or remove. What is the answer there?

What would you do if there was a person in town who for no reason apparently continually made questionable addresses in public and in print about a member of your family, unjust and untrue remarks and statements about one who has made sacrifices for the community, and has been successful in leading our town to better living conditions? It isn't easy to keep even keel, to hold my tongue, to refrain from repeating bitter, nasty things that are records written against his accuser. Again I say, what would you do?

The following thought was clipped from the bulletin of the First Baptist Church Sunday: "Yesterday is gone! Forget it! Tomorrow never comes! Why worry? Today is here; get busy."

My heart is torn when I see how some parents are disturbed over election. They feel they are being discriminated against by civilians who are taking sides in the election in which service men are candidates. I have told them all that so far as the Ledger & Times can help, they will all be treated exactly alike. We print everything they bring to the light of the public, and make no difference. That is the only policy that I know how to live by—be fair with all—and have nothing to apologize for—have no regrets because I betrayed my friends. There is one thing that I have told them: I know how to live by—be fair with all—and have nothing to apologize for—have no regrets because I betrayed my friends.

There is one sure thing—You will win or lose. I am no politician. Four years ago I worked as hard as I knew how for Celia Crawford to win the county clerk's office. She lost. But in that losing no enemies were made. We were disappointed for who wants to lose? Mary Russell Williams won the race. She was our friend then, and is still.

So that is the only advice that I know how to give you—You will win or lose. I am no politician. Four years ago I worked as hard as I knew how for Celia Crawford to win the county clerk's office. She lost. But in that losing no enemies were made. We were disappointed for who wants to lose? Mary Russell Williams won the race. She was our friend then, and is still.

Do we have malaria in the county? Why don't we get the DDT? Are questions that have been asked of me since the story in the paper last week. Dr. Hugh Houston asked me the same question in the Clinic last week. I told him that there were no reports in the county health office that indicated we need DDT. He admitted that he was guilty of not taking more to call in cases. He is not the only doctor that has not taken time. I just haven't had the occasion to see the others. But we all want some protection against flies and mosquitoes. Dr. J. A. Outland and the Colon of the county health department, tell me that we can get the spray if we will report the need for it. Get busy and report those cases of malaria.

If you are in doubt about the disease, have your doctor make a blood smear and know for sure. Then report it to the doctor. Did you know that the DDT spray in your house will rid you of all flies and mosquitoes for more than three months—screens or no screens?

Speaking of candidates in the above notes— I was interested in what one of the candidates said to me last week after covering one section of the county. He had gone home and made a count of all the people he had talked to. He took the total and divided it by two and again gave the result as the exact number he could be sure of voting for him. That is a pretty good prediction in most cases.

Rheda Gory has been here and is prettier than ever. Her hair is snowy white, her eyes pretty brown and she was wearing yellow, a color that reflects her cheerful personality. I can remember when I first knew her as Mrs. Rheda Wadlington, our home demonstrator. She was a good worker.

There is a door in a local hospital that has a sign that reads "Use the Other Door Please." I get a special thrill every time I defy that sign and go through. I think, too, each time I enter: I know just how a child feels when it is told, "Don't do that." He must get the same pleasure in disobedience that I get when I disobey that hospital sign. Isn't human nature funny?

I have fun every afternoon sitting on my front porch watching two cute four year olds. Freddie, a determined young daughter of the Fred Workman, and the admiring young Phillip, little son of Pvt. and Mrs. George B. Sloan. They like to get into each other, and the problems they present to their parents are interesting. They have their disagreements spontaneously, and just as suddenly as they are adoring and caressing each other in the most modern fashion.

I liked what Aunt Het said recently: "I hope I live 'till this war is over and folks can get that DDT. For once in my life I want to live in a house that flies and ants can't live in."

Mrs. S. D. Tandy told me there are 800 dresses to be made in the Red Cross sewing room. She makes one each day, but that won't get them all made at that rate. She also told me that there were five women who sewed regularly. That makes me feel awful. Surely there are women in this county who could help with this work. Can't it be possible that we are falling down on our job, and allowing necessary work to go undone while we amuse ourselves at parties, shows, and like gossip? I am not excusing myself. I could whip up some of these things that I don't do. If every homemaker would take one garment and complete the job, the work would get done in such quick time. Winter is coming and these garments will be badly needed. They may be needed by some of our own people.

## Green Creek News

Every one enjoyed the nice rain we had Saturday.

Mrs. Shelby Stander and Mrs. Torrence visited their mother, Mrs. Audy Wilson who is in a Murray hospital, Saturday afternoon.

Boston Miller has been sick the past few weeks but is some better now.

Mr. Hamilton, of the Mason Chapel, neighborhood, had a stroke Sunday and his condition is critical.

John and Herbert Alexander and wives attended the singing at Pleasant Grove Sunday afternoon.

Willie Clark died Saturday morning. Funeral services were held at Mt. Pleasant Monday afternoon.

Mrs. Mattie St. John visited Mrs. Flossie Miller Wednesday. Harry Key and family visited his father, John Key, Sunday.

Mrs. Thelma Burton and son visited Mr. and Mrs. Zelma Farris Saturday night and Sunday.

Most everyone has their hay and wheat taken care of and can now take care of the rest of the crop which should soon look much better after this nice rain.

**PFC. TAZ GALLOWAY GETS DISCHARGE**

Pfc. Taz Galloway, son of Mr. and Mrs. Scudder Galloway, Almo, has been given his honorable discharge from the Army after serving 30 months overseas and being in service since July 14, 1941.

He has never been wounded, but sickness caused him to be in the hospital five times. He wears the Asiatic Pacific Theater Ribbon, Bronze Stars, American Service medal, Good Conduct Ribbon, and received a citation for exemplary work. He served in military occupation, anti aircraft and with artillery crewmen.

His military record has carried him through the following basic training camps: Fort Thomas, Ky.; Ft. Huachuca, Va.; Camp Davis, N. C.; Norfolk, Va.; Langley Field, Va.; then to Fort Dix, N. J. and Boston where he embarked for overseas service. He went to Australia by way of Key West, Calif., Rio de Janeiro, then to Sydney, Brisbane, and at Mareba he saw his first battle. Other assignments included Midway Bay, New Georgia Island, Good Enough Island, Karanias, Solomons, Atapi, French Haven.

He landed in San Francisco July 19, 1944, and spent 20 days with his parents.

After reporting at Miami Beach, Fla. for a 14-day rest, he was sent to Camp "Hann," Calif., Camp Howze, Tex.; Camp Robinson, Ark. and received his discharge at Camp Atterbury, Ind. last month with

122 points.

His brother, Cpl. Alvah Galloway, is believed to be on his way home from the South Pacific. Billie Nat Galloway, S. I. C., another brother, is in the South Pacific.

Pfc. Galloway, enjoying civilian life at home, is temporarily employed at the Murray Oil Station on East Main street.

**PFC. JAMES R. ALLBRIEN REPORTS ON CEBU BATTLE**

WITH THE AMERICAN INFANTRY DIVISION IN THE PHILIPPINES—For Pfc. James R. Allbrien of Murray, Ky., it all began when he waded ashore onto Cebu last March. "I witnessed war in all its horror for the first time. The Bougainville fighting was like a storm in a teacup compared to this one," Allbrien stated.

A rifleman with the battle-weary 122nd Infantry Regiment, he has been overseas 15 months and was with the first wave of doughboys which charged up the Cebu Beach. "We were halted momentarily by Jap mine fields and a heavy barrage of mortar fire as we hit the sands, the Murray soldier continued. "But the Nips' main body of troops had pulled out to the hills, where they put up a stubborn defense from well hidden and elaborate constructed caves. Believe me it was a tough job rooting them out. On one occasion the entire crest of a hill was blown off as we attacked it," he concluded.

For exemplary conduct in the face of the enemy, the Kentuckian was awarded the Combat Infantryman's Badge. He is also entitled to wear the Asiatic-Pacific Campaign Ribbon with two battle stars and the Philippine Liberation Ribbon.

Pfc. Allbrien is the son of Mr. and Mrs. R. A. Allbrien, Murray, Ky.

**PVT. WM. J. GARGUS IN-FORT ORD, CALIF.**

Pvt. William J. Gargus left July 3 after a 15-day furlough with his parents, Mr. and Mrs. Rob Gargus, Route 1, and his wife, Mrs. Omega Tucker Gargus, and little son, Shirliff, who is two and one half years old.

Pvt. Gargus has been in training in Ft. McClellan, Ala., Ft. Riley, Kan., but is now in Ft. Ord, Calif.

**MERITORIOUS SERVICE UNIT PLAQUE AWARDED TO SGT. TOM K. WEAR'S SQUADRON**

Sgt. Tom K. Wear

AT AN AIR DEPOT OF THE AAF SERVICE COMMAND IN ITALY—Sgt. Tom K. Wear, son of Mr. and Mrs. Boyd Wear, 211 North Fifth street, Murray, Ky., is a member of the 31st Depot Repair Squadron, which was awarded the meritorious service unit-plaque for "Superior performance of duty in the accomplishment of exceptionally difficult tasks" in the Mediterranean Theater of Operations during the period of 1 July 1944 to 31 December 1944, by the Commanding General AAFSC-MTO.

The repair squadron, assigned to Air Force General Depot No. 5, located in Bari, Italy, has been overseas for more than two years. Having done an outstanding job of depot overhaul and maintenance, the organization has been a vital factor in keeping the aircraft in MTO in a high degree of efficiency.

Having fulfilled their various assignments, the 31st, like many other units in this theater, are making preparations to move. Whatever the future may hold for these men, they can always look back to the Italian campaign and state, "A job well done."

Sgt. Wear was graduated from Murray High School in 1935. Before entering the armed forces he was employed by Covington Bros. and Company of Paducah, Ky., as an office clerk.

Sgt. Wear entered the armed forces in February, 1942. His present duty assignment is aircraft mechanic.

Sgt. Wear's squadron was activated at Hill Field, Odgen, Utah, on 21 January, 1942. From there they were sent to Wendover Field, Utah, for a short time and upon completion of their assignment there were sent back to Hill Field until they left for a port of embarkation somewhere on the East Coast.

Upon their arrival at Casablanca, North Africa, they were assigned to activate an air field near Tunis that had been evacuated by the Germans not more than three weeks previously. The movement to this base was accomplished because most of the men were driving trucks in a convoy for which they received several commendations due to the long and hazardous trip without loss of property or equipment.

Upon arrival at Tunis they found

the place had been badly damaged by American bombers. The first job was to clean up the wreckage and prepare a place suitable for bivouac and working area. They were actually the cadre that started one of the largest engineering depots in North Africa.

Shortly after the invasion of Italy they were sent to set up an air depot of the same type somewhere in southern Italy. Since that time the squadron has done much to maintain aircraft strength and to "keep them flying." Among the many duties performed by the various men of the organization are airplane repair, sheet metal work, aircraft welding, aircraft wood-working, technical supply work and many other duties that pertain to successful operation of an engineering section of an air service command air depot overseas.

Sgt. Tom Wear wears the European-Middle Eastern Campaign ribbon with two stars for participation in two major campaigns. He also wears the "Good Conduct" ribbon for year's exemplary service.

**J. B. CRAWFORD COMPLETES PRE-MED IN NAVY V-12 UNIT**

J. B. Crawford who for the past year has been a student at the University of Louisville as a member of the Navy V-12 program has completed his pre-med work and has been sent to an Ashville, N. C. convalescent hospital where he will serve as a corpsman.

Crawford, the son of Dr. and Mrs. F. E. Crawford, graduated from Murray High School and was a student at Murray State College when he was called into the service.

**SERVED UNDER GEN. PATTON**

Pfc. Marvin H. Hodges, age 24, attended Murray State College prior to entering service in December, '42, from the Hickman Board. He trained at Camp Forrest, Tenn., with the Infantry, then trained as a pilot, and was transferred to the Infantry again. He served with Gen. Patton's Third Army and received an individual citation.

His wife, the former Miss Virginia Hoffman and little three-year-old daughter, Virginia Carol, reside at 1641 Miller Ave.

HEADQUARTERS FOR Standard Parts for All Cars! Murray Auto Parts W. F. Miller B. L. Ray Telephone 16

**WITH INFANTRY**

Sgt. Tellus McNutt, age 30, was employed by C. Ray Bus Company before induction into the army in February, '42. He was first attached to the Air Corps and then was transferred to the Infantry.

Sgt. McNutt is the son of Mr. and Mrs. E. H. McNutt, Route 3.

**WITH NAVY**

Lt. (j.g.) Charles Henry Stamps, son of Mrs. John M. Stamps and the late Mr. Stamps, was home recently after serving in North Atlantic. He is a graduate of Murray State College and was former principal of Rogers High School, Linton, Ky.

**L. D. PACE, SS SECOND CLASS, ON THE USS FLETCHER**

ABOARD THE USS FLETCHER IN THE PACIFIC—L. D. Pace, ship serviceman (barber), second class, of Route 1, Murray, Ky., fights aboard this destroyer which has piled up a great war record while battling Japanese ships, planes and submarines over 200,000 miles of the Western Pacific.

Her guns have downed 11 Jap planes and helped destroy eight others. The FLETCHER has sunk a cruiser, assisted in sinking another and heavily damaged two destroyers. She has sunk one submarine and is credited with the probable sinking of another. She has rescued more than 1,000 survivors from five stricken ships, five planes and a submarine.

In the bitterly fought naval battle off Savo Island during the dark days of November, 1942, she emerged as the only undamaged American warship. Her guns caused heavy damage to the enemy, however. She downed five attacking Jap planes, helped blast three others to destruction, sank a heavy Jap cruiser and assisted in sinking a light cruiser.

Throughout her 11 star campaign the FLETCHER has taken part in three surface engagements with the Japs, been in 31 separate anti-aircraft actions, five anti-submarine attacks and 16 major shore bombardments.

**CPL. H. P. JACKSON AWARDED COMBAT BADGE**

WITH THE 106TH INFANTRY DIVISION IN GERMANY—Cpl. Hubert P. Jackson, Jr., 1310 West Main street, Murray, Ky., was awarded the Combat Infantryman's Badge for exemplary conduct in action against the enemy in Belgium and Germany.

He is a member of the fighting 106th (Lion) Division which stood like a fortress for many days against the might of the German panzers and Volksgrenadiers during the recent Ardennes counter-offensive. He was with the division when it blunted the northward advance of Von Rundstedt's breakthrough spearhead at Manhay, and began the process of liquidating the Bulge. For weeks, without pause, the Lionmen pressed the attack until the Germans—those that were left of them—limped back to the safety of the Siegfried Line.

**SERVES WITH ENGINEERS**

Cpl. Roy G. Rose, age 24, was drafted in October, 1943. He is a graduate of Kirksey High School and worked in Detroit before entering service.

Pfc. William M. King, Jr., son of Mrs. Era King, 418 W. 13th Street, Jeffersonville, Ind., has been awarded the Bronze Star Medal.

**A LOOK AT THE RECORD**

WILCOX, ARIZONA JULY 7, 1945

**TO WHOM IT MAY CONCERN:**

I am writing this letter in regard to CHARLIE LASSITER, whom I have had the pleasure of knowing for the past two years. I have always found Mr. Lassiter very dependable and honest and a man with a great deal of personality.

He has always been very high in his ideals and always a soldier with a high rating, being in an indispensable position on the bombing range here in Wilcox.

Mr. Lassiter is very desirous of a position in civilian life when he is discharged from the Armed Services and I am sure that no one could find a more capable man than the above mentioned.

Thanking you personally for any courtesy shown him, I am,

Very sincerely yours,

Wherever There Are Children . . There's A Full Laundry Basket!

IT'S SO IMPORTANT that they wear clean clothes daily as a safeguard to their health. And it's important to mother's health that she let us do the family wash, so as not to overburden herself with care of home, family, and war duties. Leave the washing and ironing to us.

**Planning for TELEPHONE PROGRESS in Rural DIXIE**

To Keep step with farm progress and to extend service to more farm families, the telephone industry is working on important new devices and methods.

Plans are already under way for resuming our rural telephone expansion program which was suspended in 1942 when equipment and materials became more urgently needed for the armed forces. Surveys are being made to determine the needs and to provide the facts from which we can carry out plans for expansion of farm telephone service in the South.

The goal is to bring the telephone to the greatest possible number of farm families.

The Louisville & Nashville Railroad—the "Old Reliable"—is not waiting until the war is over. It is doing things NOW!

To tap a rich coal field, it has just completed 11 miles of mountain railroad at a cost of almost \$2,000,000.

Other construction for a similar purpose, at a cost of \$1,600,000, is under way.

Still other lines for new coal development, costing several hundreds of thousands of dollars, are now under contract.

Eight passenger road locomotives, costing \$1,400,000, have just been received. On order are 28 aluminum, streamlined, ultra-modern passenger cars, costing about \$2,400,000.

About 71,000 tons of new steel rail and appliances to cost \$3,900,000 has been requisitioned.

In addition, other authorized improvements amount to \$5,000,000.

What does this all add up to? . . . nearly seventeen million dollars! But that's not all. It means employment of thousands of men for manufacture, construction and operation for the best part of another century . . . a stimulant to commercial life, better homes, better schools and better living . . . in our Southland.

We want our constructive activities and service to merit your good will and patronage.

## Service Notes

CPL. J. P. WICKER  
GETS BRONZE STAR

WITH THE SEVENTH ARMORED DIVISION IN EUROPE, Cpl. J. P. Wicker of Route 1, Hazel, recently was awarded the Bronze Star Medal for meritorious service as chief of the ammunition supply section of his company in the 38th Armored Infantry Battalion.

He is the husband of Mrs. Mary C. Wicker of Hazel, Ky.

According to his citation, during the fierce battle of St. Vith, in December, 1944, he maintained an ammunition dump within the city although under heavy artillery fire until shortly before the position was forced to withdraw. During a month when the section's officer was on leave he was in sole charge of the unit and by his able leadership maintained an uninterrupted flow of munitions to the combat elements. The skill with which he met ammunition supply problems and his unflagging devotion to duty greatly aided the entire battalion in its operations on the continent.

## WITH HOSPITAL IN FRANCE

T-5 Taylor M. Gooch, age 30, was drafted into the armed services in June, 1943. He trained at Camp Barkley, Tex., and went overseas in January, 1944. He is attached to the 203rd General Hospital in France. His wife, formerly Miss Esther Cunningham, resides on Route 4. T-5 Gooch is the son of Mrs. Ellen Gooch, East St. Louis, Ill.

PVT. EDGAR L. WASHBURN  
IS ROAD PATROLLER IN ITALY

WITH THE AIR SERVICE COMMAND IN ITALY, Private Edgar L. Washburn of 113-E Main street, Murray, Ky., is presently working in the capacity of a Road Patroler.

He has one brother serving in the Air Force Ordnance Depot which is in the Air Service Command in Italy.

During the same job as a Civilian

Traffic Policeman, he safeguards Military, personnel, vehicles and property from damage and destruction by prevention of accidents.

Private Washburn entered the Service at Fort Thomas, Ky., on April 14, of 1941 and began his overseas service on December 24, 1943, landing in Africa and joining his present outfit in Caserta, Italy.

In civilian life, Private Washburn was a farmer.

Countries visited to date are Africa and Italy. Private Washburn also is the wearer of the Purple Heart and the E.A.M.E. Ribbons with 10 Battle Participation Stars on the latter.

## ON SEA DUTY

Doris Earl Ezell, Seaman 2-c, is the son of Mr. and Mrs. H. P. Ezell, Kiskey.

He graduated from Kiskey High School in 1941 and farmed until he was drafted in January, 1943. He is a member of the Seabees and has been at sea since April.

He has one brother serving in the army, T-3 Toy Watson Ezell, Seaman Ezell's wife, the former Miss Mary E. Jones, resides in Kiskey.

## WITH NAVY AT GREAT LAKES

Darrell Shoemaker, age 27, is stationed at the U. S. Naval Training Center, Great Lakes, Ill. He has completed his course at Storekeepers School. Prior to joining the Navy, he was employed as bookkeeper for the Doran Loose Leaf Floor.

He is the son of Mr. and Mrs. F. C. Shoemaker. His wife, the former Miss Martha Hurt, and two children reside in Detroit.

CURTIS B. HAYS, GUNNER'S  
MATE, ABOARD USS NEW YORK

Curtis B. Hays, gunner's mate, second class, whose wife lives on Route 6, Murray, Ky., came through the battle for Okinawa aboard this battleship without a scratch, helping fire more than five million pounds of shells at enemy targets. This tonnage exceeds that fired by all ships combined during the invasion, bombardment of Tarawa or Makin, Roi-Namur or Eniwetok. One of the grand old ladies of the fleet, the NEW YORK, celebrated her 31st birthday during the battle. The only capital ship to stay on the job without relief, she kept her 14-inch and 5-inch guns firing salvoes at island targets steadily.

During the present war the NEW YORK participated in the invasion of North Africa, saw convoy duty in the Atlantic, and took part in the two Jima campaigns.

## SERVED 21 MONTHS OVERSEAS

Sgt. James Preston Thurman, son of Mr. and Mrs. Perry Thurman, Route 3, volunteered for service in 1941. He went overseas in November, 1942, and served for 21 months until he was wounded on February 1, 1944, in Italy. He returned to the states last August.

Besides the Purple Heart, the sergeant wears ribbons for the European and American Theatres of Operations, the Good Conduct Ribbon, the Pre-Pearl Harbor Ribbon, and the Expert Combat Infantryman's badge.

He has one brother in service, T-Sgt. William Herbert and Pvt. Hal B. Thurman.

CPL. JAMES G. WILSON  
SERVES 160 COMBAT DAYS

WITH THE SIXTH ARMY ON LUZON, Cpl. James G. Wilson, son of Mr. and Mrs. Quinten Wilson, New Concord, Ky., has just completed his 160 consecutive day of combat in LUZON, and is at present fighting in the Sierra Madre Mountains, where several thousand Japs are holed up and are being systematically annihilated.

Cpl. Wilson is a switchboard operator for "A" Battery 138th Field Artillery Battalion.

Overseas for 18 months, he has also served in Hawaii, New Guinea and Leyte with the 38th Infantry Division. He is entitled to wear the Good Conduct Ribbon the Asiatic-Pacific Theater Ribbon with three campaign stars and the Philippine Liberation Ribbon with one campaign star. Cpl. Wilson has three brothers in the service. T-Sgt. John P. Wilson, in the 7th Field Artillery Battalion in Germany, Pvt. Albert Wilson, with an Anti-Aircraft outfit in Germany, and Pfc. William Wilson in Camp Bowie, Tex.

Cpl. Wilson is a candidate for sheriff of Calloway county and is the son of Mr. and Mrs. Q. D. Wilson, New Concord.

PFC. W. L. CALHOON  
COMING HOME

Pfc. William L. Calhoun, Route 7, Murray, is returning home from Europe with the Eighth Infantry Division, the division which accounted for 21 times its own weight in Germans by taking 316,187 prisoners during 10 months of combat. The Eighth (Golden Arrow) Division was in the Normandy breakthrough, the capture of Brest, the bitter fight in the Hurtgen forest. Troops of the

Eight were the first to cross the Roer River, launching the drive that reached the Rhine. The Golden Arrow Division then cut the Ruhr pocket in two and finished its ETO fighting by crossing the Elbe and linking with the Russians.

Pfc. Calhoun resided on Route 7, Murray, in civilian life, and is married to Mrs. Jewell Calhoun of the same address. He was a shell digger before entering the army December, 1942. He has been overseas 12 months with Company C, 13th Infantry. He participated in activities in Normandy, Northern France, Rhineland and Ruhr Valley. He wears the Combat Infantry badge, the Purple Heart and two clusters.

He has 72 points, and attended Murray High School.

PFC. THERON F. CLARK  
WITH 384TH PORT BATTALION

PENINSULAR BASE HEADQUARTERS, Italy—Pfc. Theron F. Clark, of Route 4, Murray, Ky., is a member of the 384th Port Battalion, a unit of the Peninsular Base Section, important, supply and services organization for the Fifth Army and for the Air Corps crews and naval elements in the Mediterranean Theater of Operations.

On the invasion spearheads of the Sicilian campaign, the men of the 384th stood waist-deep in the water at Gela, passing ammunition to the beach while enemy shells and bombs dropped among them.

It has been a long trail from the early days at Casablanca, when the men, crane-operators, mechanics, checkers, winchmen, riggers, and all-around, roustabouts, worked 14 hours a day in the rain, ate cold field-rations and slept under puppets in ankle-deep mud. A more physically demanding job than even that of the front-line soldier, the "rear-echelon" Port Battalion has undergone many of the dangers of combat, has suffered casualties, has had its share of narrow escapes. Now living in clean, dry quarters, working regular Army hours, and supplemented by Italian labor, the 384th continues its vital tasks under more pleasant conditions.

PFC. ROBT. E. FERGUSON'S  
SQUADRON HONORED

WITH THE XXIII CORPS IN GERMANY—E. Troop and "F" Company, 19th Cavalry Reconnaissance Squadron, part of Major General Hugh J. Gaffey's XXIII Corps, including Pfc. Robert E. Ferguson, Route 4, Murray, Ky., are credited by their efficient performance with making many of the squadron's successes possible.

Soon after the 19th went into action a platoon from "A" Troop was called on to take a walled village in the Moselle Valley. A careful survey of the situation revealed that it would be a costly assault. However, a platoon of assault guns, 75-mm. howitzers, on light tank chassis quickly breached the wall and two tanks from "F" Company ran through the breach, sprayed the streets with canister shot and thoroughly disorganized the resistance.

Another time, when "B" Troop was doing reconnaissance work east of the Rhine at Mainz before the Allied crossings, a patrol discovered a company of German bicycle troops. They called for fire from the assault guns and in

less than five minutes the bivouac area was a shambles of broken bikes, battered Germans and shattered equipment.

Nineteenth Cavalry Reconnaissance is on duty with Lieutenant General Leonard T. Gerow's Fifth Army.

Pfc. James D. Wynn who has been receiving treatment for jungle fever in a Manila hospital, is back with his unit on Luzon Island. He has been overseas for two years. His wife, formerly Miss Sue Hutson, resides at Buchanan, Tenn.

TO THE DEMOCRATIC VOTERS OF THE  
TOWN OF MURRAY

## LADIES AND GENTLEMEN:

I take this method of announcing myself for the office of City Judge and asking your support.

I offer you several years experience as an enforcement officer and I promise you if elected that I will give my undivided attention to all matters that may come before the Court, and that I will do equal justice to all regardless of race, creed, or color.

I am proud to say that I am now and have always been a Democrat, and can truthfully say that I have devoted more time to the interest of the Democratic Party, and spent more time in an effort to elect our lamented President, Franklin D. Roosevelt, than any man in Calloway County, Ky., and for the truthfulness of this statement I refer you to Luther Robertson, who managed the campaign in this county, and to Dewey Ragsdale, who has managed two Democratic campaigns in Calloway County, and to Mayor George Hart, or Judge C. A. Hale, or any other Democrat that has taken an active interest in this county.

If elected, I promise fairness to all, and that I will be your City Judge and take no orders from any one, and I will see that justice is done.

Yours for service and thanking you for your support, I beg to remain your friend.

L. ROBERTSON

## REPORT

TO THE PEOPLE  
OF KENTUCKY

Last January, you contributed to the "March of Dimes" to fight infantile paralysis—

**\$224,086.44**

One half of this sum was sent to the National Foundation for Infantile Paralysis, which used the money for research into the cause and cure of polio, and for aid to any community suffering from an epidemic. This half amounted to—

**\$112,043.22**

The other half of the total contributed was placed in the treasury of the Kentucky Chapter of the National Foundation. The Chapter is spending it for: (1) Rehabilitation of the many victims of last summer's epidemic in the State; and (2) Medical and hospital care for every victim of this dread disease who is unable to pay for such care, regardless of race or creed. This half amounted to—

**\$112,043.22**

The Friendship Church of Christ will begin a series of Gospel meet- ings next Sunday at 11:00 a.m.

L. H. Pogue will do the preach- ing in these meetings. He is too well known in this section to need any introduction. He has held a number of meetings for the Friend- ship congregation in the past.

Clarence Mayfield of Browns Grove will direct the congrega-

tional singing. Officials of Friend- ship church believe the public will enjoy the sermons and the con- gregational singing and the splen- did fellowship.

"You are most cordially invited to attend every service. Make your plans now to come and bring your friends," representatives of the church said.

Day services will be at 11:00 a.m. and night services at 8:30 o'clock.

## Our Country Needs Still More Used Fats ... and We're the Folks to Save Them!

OUR domestic supplies of fats and oils will be approximately one and one-half billion pounds less than last year. Yet thou- sands of tons are still needed to help make countless essentials for the battle- and home-fronts.

We country people must remember that because of the meat situation, we are in a better position to save fats than city folks. That's why we can't afford to miss a trick!

So let's save not only the big amounts from frying and roast- ing, but also meat trimmings and plate scraps. Melt them down and add the liquid fat to the salvage can. Skim soups and gravies. Every drop is important.

When your salvage can is full, take it to your butcher and get 2 red points and up to 4¢ for each pound. If you have any diffi- culty, call your County Agent or Home Demonstration Agent.

100,000,000 More Pounds of Used Fats Are Needed This Year!

Approved by WFA and OPA. Paid for by Industry

## Annual Meet To Be Held at Bazzell Cemetery July 28

The annual gathering at Bazzell Cemetery will be held July 28. There will be preaching at 11 a.m. Every one interested is invited and asked to bring their contribu- tion for the up keep of the cemetery.

### WILLIAMS CHAPEL CHURCH TO BEGIN MEETING JULY 22

Beginning July 22 at 11 a.m., a series of meetings will be held at Williams Chapel Church through- out the week.

Services will be held at 3:30 p.m. and 8:30 p.m. with Bro. E. H. Huf- ford, minister of Church of Christ, Hopkinsville, doing the preaching. All always welcome.

### REVIVAL AT COLDWATER CHURCH OF CHRIST WILL BEGIN SUNDAY JULY 29

The meeting at the Coldwater Church of Christ will begin Sun- day, July 29. Bro. Harry Payne of Texas will do the preaching.

Tilden Carter of Edmonton 4-H club has 40 White Rock Chickens that averaged one and a half pounds when seven weeks old.

Hubert Chapman, of Monroe county reports that the applica- tion of 100 pounds of boron to five acres of thin alfalfa made it look like second-year growth.

## Mrs. Dorothy Rowlett Awarded Scholarship at Univ. Cincinnati

CINCINNATI, OHIO, July 10.—Mrs. Dorothy C. Rowlett, faculty member of Murray State College, has been awarded a scholarship for a special University of Cincinnati School of Applied Arts summer ses- sion course on contemporary art and architecture.

Mrs. Rowlett, who lives in Mur- ray, received her bachelor of arts degree from Randolph-Macon Wom- en's College, Lynchburg, Va., and her master of arts degree from Pea- body College, Nashville, Tenn.

The course, sponsored by the American Institute of Architects and financed by the Carnegie Cor- poration, is one of the courses be- ing offered during this university's current summer session. The sec- ond term of the summer program will begin July 31.

Mrs. Rowlett's scholarship, cov- ering registration, tuition, and al- lowment for personal expense, was granted on the recommendation of her college dean. She is one of a group from a four-state area to be awarded this special scholarship.

### Lightweights Will Be Accepted by U. S. Maritime Service

Lightweights will be accepted for Maritime Service apprentice seaman training according to an announcement today by the re-

sional enrolling office at Cleveland, Ohio which stated that 10 pounds was "knocked off" the minimum weight requirements for entrance to the Service.

Prior to the new ruling, 130 pounds was the least a prospective seaman could weigh to qualify physically. Today if you're only 120 pounds and otherwise physi- cally sound you can join up with the merchant marine.

Two thousand men, between 17 and 50 years of age are current- ly being sought by the Maritime Service to train for duty aboard cargo ships carrying supplies to the Pacific theatre of war.

Applicants may apply to recruit- ing offices at Cleveland and Cin- cinnati, Ohio.
